

# GBG 4551, washbasin to be built-in

**Article Id :**  
GB1145510101

**EAN Code :**  
7391530058658

## **The picture shows**

Washbasin ARTic 550 x 440 mm with Skandic, Pin washbasin mixer (mixer not included in the delivery).

## **Logistics**

14.5 kg with packaging.

## **Components Connection**

The washbasin is prepared for three hole mixer. The two extra holes are knocked out by the installer.

## **Montage**

Installed from above in bench with sawn-out hole. To determine where to make holes in the bench, the washbasin is used as a template. Turn the washbasin upside down, draw around the contour of the washbasin and then saw 25 mm inside the line. Apply a bead of wet room silicon around the cut-out and lower the washbasin. Screw installation is not required. The rear edge of the washbasin is flat but not glazed as it is designed to be installed against a wall. Installation instructions supplied.

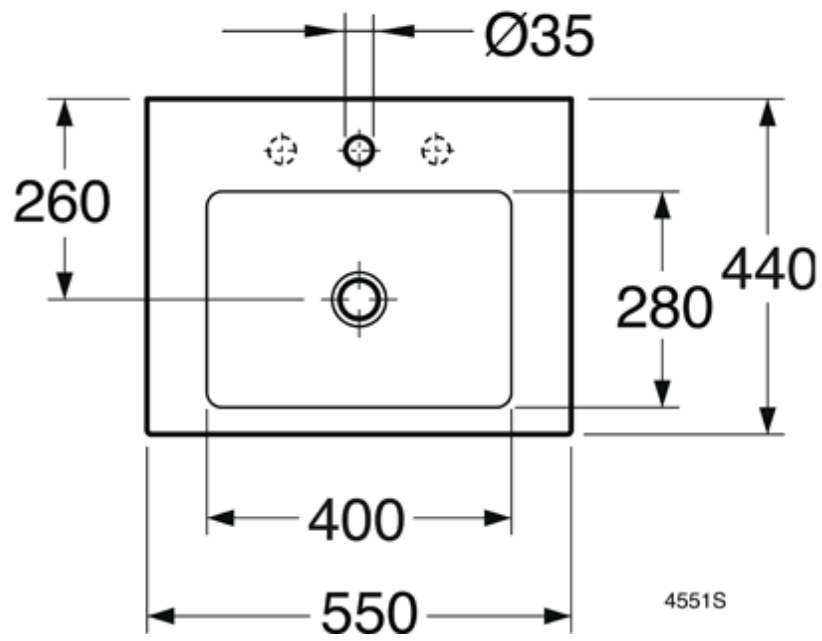

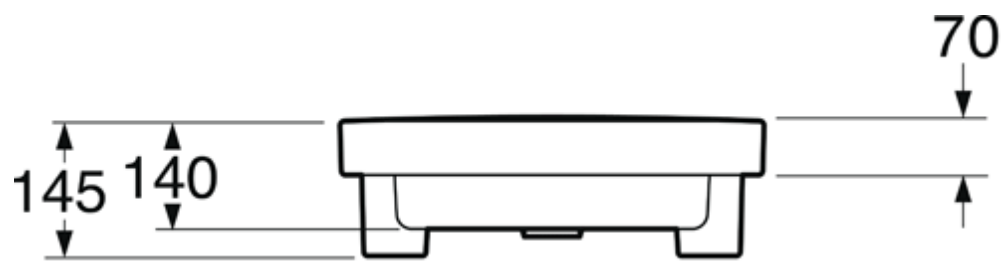

## **Variants**
