Article Id :
51699901

EAN Code :
4047289807698

The picture shows

Washbasin Logic 620 x 430 mm with Nautic washbasin mixer (mixer not included in the delivery).

Description

The Logic range is designed primarily for small bathrooms. Despite having small external dimensions, they have generous vanity surfaces. Even the fully covering washbasins are designed with small bathrooms in mind, with a depth of just 430 mm, corresponding to the depth of the average standard Nordic washbasin.

Approval & standards

The product conforms to AMA recommendations as well as SS-EN 32.

Logistics

20 kg with packaging

Complementary information

Can be mounted on Logic bathroom cabinet 1860.

Montage

Primarily intended for mounting on Logic furniture, but can also be installed with bolts c-c 280 mm. N.B.: The underside of the basin is not glazed. Mounting components not supplied.

Variants

GBG 5169 Vanity washbasin, C+
