The picture shows

Logic 1860 with drawer front in walnut, Logic 5169 washbasin and Nautic mixer

Description

Washbasin cabinet with a full-length drawer and an inside shelf to make the most of the available space. Made of moisture resistant melamine board with drawer front in choice of 4 different finishes. Most suitably combined with washbasin 5169. Can also be fitted with just a cabinet top for use as a side cabinet or a cabinet top combined with any choice of top-mounted washbasin.

Logistics

18 kg with packaging

Complementary information

1860 suitable for washbasin 5169.

Montage

Furniture supplied with white, pre-assembled cabinet frames supplemented with drawer front in chosen finish. Pre-drilled holes for handles (not drilled through). Handles to be ordered separately. The mounting bracket is fixed to the bathroom wall and the cabinet is attached to it using two hooks. The cabinet can be adjusted horizontally afterwards. Adjustable mounting bracket and water trap for wall or floor installation supplied. Screws and plugs are not supplied. The washbasin sits on top of the cabinet and is fixed in place with silicone. If you prefer to fit a cabinet top rather than a washbasin, the top is attached to the cabinet using brackets fitted to the inside of the cabinet and the bottom of the cabinet top. Brackets and screws for the cabinet top supplied.
