

Mattamusta, lyijytön, anturilla varustettu sekoitin, 160 mm välikerengas

A modern, sleek, black faucet is the central focus, mounted on a dark, solid countertop. The faucet has a minimalist design with a curved spout and a single lever handle. The background features a wall of dark green, vertically-oriented rectangular tiles. To the left, a blurred interior scene shows a white sofa and a small potted plant, suggesting a contemporary living space. The lighting is soft and focused on the faucet, highlighting its metallic finish.
