

GUSTAVSBERG/ FURNITURE

GUSTAVSBERG /
SMARTER BATHROOMS

SINCE 1825

Live life in the Bathroom

High-quality, sustainable materials for the good of the planet. Especially for you: timeless design and smart solutions to allow you to draw maximum enjoyment from the most important room in the home.

Live life in the bathroom with Gustavsberg!

A ROOM FOR ENJOYMENT

The bathroom has become one of the most important rooms in the home. It needs to be functional and practical for the entire family, and it has to have plenty of storage space. At the same time, however, it must also be accommodating – a delightful space for care, consideration and recovery. A place where you want to take your time.

A bathroom that meets all these requirements while resisting the effects of heat, moisture and water, makes high demands on its furnishings. Gustavsberg has been manufacturing porcelain goods since 1825 and sanitary products for the bathroom since 1939.

So you can feel confident that our products maintain a high level of quality, meet tough demands regarding sustainability and are backed by spare parts and supplementary products that will be available for years to come.

TWO FURNITURE RANGES FOR BATHROOMS OF ALL KINDS

Welcome to a closer look at our carefully considered ranges of furniture: Artic and Graphic. Artic is designed for the more spacious bathroom, while Graphic is better suited to smaller spaces – to make it easy and inspiring for you to furnish the most important room in the home.

RANGE, FACTS AND PRICES

| | |
|--|----|
| Inspiration and information..... | 2 |
| Artic bathroom furniture | 26 |
| Graphic bathroom furniture | 38 |
| Graphic Base bathroom furniture | 45 |
| Nordic ³ bathroom furniture | 48 |
| Mirrors and lighting | 49 |
| Handles and knobs | 52 |
| Artic Pro for the laundry room | 54 |

Artic is the perfect choice for the more spacious bathroom, making it easy to furnish the room with a uniform design and ambience. The furniture is made in Finland, generating the least possible environmental impact.

ARTIC GRAPHIC

The fundamental principle behind Graphic is “maximum storage in minimum space”. Practical modules featuring repeated graphic shapes make things simple when furnishing a small bathroom.

WHICH COLOUR ARE YOU?

Grey and white are the most common colours in the bathroom, but the Artic and Graphic furniture units are available in other colours, too. You can't go wrong with grey and white; they stand the test of time and can easily be combined with replaceable products. But as you can see, our modern, fresh and carefully selected colours also have a timeless slant. We want you to enjoy your new bathroom for many, many years to come.

At the back of this brochure, you will also find a section devoted to new products for the laundry room.

ARTIC

Artic is Gustavsberg's new range of furniture for the slightly roomier bathroom. Artic makes it easy to furnish the entire bathroom with a consistent design and feeling. Artic furniture is made in Finland using local materials and generating the least possible environmental impact. The result is a smart series of bathroom furniture with a little more Finnish "sisu" (inner strength) than the average ...

WALL CABINET

Wall cabinets create a fully furnished feeling. You can display trinkets on top and conceal storage compartments behind the doors. Add in a pair of support legs to underline the furnished look even more.

NEW DESIGN – WASHBASIN

The washbasins for Artic washstands feature a new, upgraded design. They extend slightly beyond the underlying furniture unit, and the slim, tight profile makes it look like the porcelain is resting weightlessly on the stand.

MIRROR CABINET

There is an integrated electrical socket inside the Artic mirror cabinet. Other smart details include a practical knick-knack magnet and a magnifying mirror. The lighting rail above the cabinet provides effective yet soft lighting. The lighting beneath the cabinet generates ambience and a sense of well-being morning, noon and night. The frosted bottom edge of the mirror neatly conceals fingerprints.

TALL CABINET

Tall cabinets allow you to make full use of the height of your bathroom. And with this depth, you have even more space for storage, without cutting back on floor space – or the sense of well-being.

NEW DESIGN – FURNITURE

The Artic cabinet carcass features a straight, stripped-down look that raises the stylishly recessed drawers and doors to the level of authentic design elements. A consistent colour in the carcasses, doors and drawer fronts imbues the bathroom with a uniform colour spectrum. All surfaces are resistant to wear, tear and humid environments.

ARTIC COLOURS

No matter which shade you choose for your furniture, the carcasses, doors and drawer fronts are all available in the same colour, creating a bathroom in a consistent colour spectrum.

Peach is more obvious, creating bathrooms with personality and warmth.

Black ash wood adds a dash of drama to your bathroom.

Ash grey blends seamlessly into most settings, generating a sense of timeless elegance and quality.

White is a classic bathroom colour, a safe choice that matches most settings.

Black + white! The washbasin for the Artic washstands is available in both classic shiny white porcelain and in a dramatic matte black colour for you to combine with the colour you have chosen for your bathroom cabinet.

FORM IS FUNCTION
The frosted edging spirits away fingerprints. The lighting below the mirror cabinet ramps up the ambience.

*ELECTRICAL SOCKET
INSIDE THE MIRROR
CABINET*

The discreet electrical socket is protected from moisture – but located just where you need it the most.

MAGNIFYING MIRROR
Any self-respecting bathroom cabinet needs a magnifying mirror. You can place this one wherever it will be most useful. And the knick-knack magnet keeps the “good to have” things close at hand.

ARTIC/ PEACH

ARTIC/ BLACK ASH WOOD

GENEROUS BASINS

The washbasin bowl has been designed to catch splashes when you use it, and extends a little way outside the furniture units to keep them from getting wet. The overflow drain has also been rendered "invisible", simply by positioning it on the user's side.

SMART BOTTOM VALVE

The Easy Clean bottom valve makes thorough cleaning and good hygiene simple. Supplied as standard with a chromed plug. However, a matt black plug – to match the matt black washbasin – is available as an optional extra.

BLACK + WHITE!

The washbasin for the Artic washstands is available in both classic shiny white porcelain and in a dramatic matte black for you to combine with the colour you have chosen for your bathroom cabinet, your mixer and your bottom valve.

NO MORNING WAIT
Two mixers fitted side by side in a 1000 or 1200 mm washbasin cut waiting times to brush teeth in the morning.

STORE VERTICALLY
The tall cabinet is available in two different measurements to suit precisely your bathroom and your storage requirements. The insides of the doors feature smart shelves which make it easier to access bottles, jars and the like. The larger model of the tall cabinet has fully 257 litres of capacity, while the smaller model offers 158 litres of space. That's a whole lot of toilet paper ...

LEG FRAME
The furniture units can be fitted with a leg frame in a matching, cultured design. The effect is immediate, adding a more furnished feeling to the bathroom. Choose between black and white. The leg frame is primarily a design element and to secure the water and drain connections, the bathroom furniture units are always fastened to the walls.

ARTIC/ ASH GREY

ARTIC/ WHITE

The tall cabinet is available in two different widths and two different depths to suit precisely your bathroom and your storage requirements. The insides of the doors feature smart shelves which make it easier to access bottles, jars and the like.

The wall cabinets present plenty of surface area as well – ideal for pot plants, for example, or for displaying decorative items. The wall cabinets are also available in two depths, just like the tall cabinets.

MAXIMUM STORAGE

Smart design allows you to make use of the full depth of the drawer and provides a complete overview. The drawer divider keeps things in order, while the soundproofing mats in the bottom make life in the bathroom a little quieter and more pleasant. No matter what colour you choose for your furniture, the interior of the washstand drawers is always black to convey small, secret sense of true luxury.

LIGHT

The interior of all drawers can be fitted with sensor-controlled lighting. This can also be fitted under the furniture units themselves for an attractive lighting solution in the bathroom.

GRAPHIC

Graphic presents daintier dimensions than most other bathroom furniture units. Our fundamental idea when creating this range was 'maximum storage in minimum space'. The result was a modular approach, where form is very much a feature of function. The design is based on graphic shapes with repeated dimensions, which makes it remarkably simple to furnish with Graphic.

TALL CABINET

The tall cabinet is available in two depths: one for more compact bathrooms, the other for more spacious areas. The deeper model features smart storage compartments on the inside of the door. This means more storage – neater and tidier, too.

VANITY UNITS

The Graphic range contains vanity unit models for large and small bathrooms alike. All units share a slightly shallower depth than most other vanity units.

You can use the full length of the drawers as all connections are made behind the unit. The "concealed compartment" provides extra surface space. The full-coverage washbasin in slim, white bathroom porcelain radiates freshness and elegance.

MIRROR CABINETS/MIRRORS

The lighting rail above the mirror provides effective, yet soft and pleasant lighting when you use the mirror. Smart details such as the knick-knack magnet and magnifying mirror are included in the mirror cabinet.

WALL CABINET

The wall cabinet, too, is available in two depths so you can give free rein to your creativity. You can install these cabinets side by side, one above the other, or in an L-shape if you prefer. Deep units for the bottom row, with slimmer models above.

There is no end to the combination options. No matter how you choose to install the cabinets, you can be sure of straight top and bottom lines, which is ideal for creating a harmonious impression. The practical lighting in the counter top ramps up the 'snug factor' in the bathroom.

GRAPHIC COLOURS

The unit carcasses, doors and drawers are all the same colour in the Graphic range, too. However, Graphic washbasins are only available in shiny white porcelain.

Grey in a warm, welcoming shade that neatly matches the other furnishings in the bathroom.

Green in a classic, accommodating tone that adds real character to the bathroom.

White always works in all bathrooms and is easy to combine with replaceable products to add colour.

NO FINGERPRINTS
Free from handles, the mirror is neater and easier to clean. Moreover, the frosted edging conceals fingerprints.

FREES UP SPACE
With a unit depth of just 160 mm, it is simple to furnish, find storage space and free up floor space – even in small bathrooms.

BEHIND THE DOOR
The insides of the doors to the deep tall cabinet (320 mm) are fitted with practical storage compartments for the things you use most often.

GRAPHIC/ GREY

GRAPHIC/ GREEN

SMART LIGHTING
The lighting under the top panel does its job regardless of whether the cabinet is open or closed.

SLIMMER, NEATER WASHBASIN
More slender dimensions are a treat for the eye. However, the material is still the same, durable shiny bathroom porcelain.

PUT THE BEST YOU HAVE ON DISPLAY
It's a great idea to use the storage cube for items you want to keep easily accessible – or simply to put on display.

SECRET COMPARTMENT WITH MAGNET
You need space for even the small bits and bobs. The magnetic strip keeps the metal items in place. The drop down "concealed compartment" provides practical surface space, and you can even add a concealed electrical socket here.

MAGNIFYING MIRROR
 Any self-respecting bathroom cabinet needs a magnifying mirror. You can place this one wherever it will be most useful.

SMART STORAGE
 Neat and tidy storage in the drawers with their useful dividers. Quiet operation thanks to Soft-Close functionality and soundproofing mats. The smart water trap fits in snugly behind the cabinet, allowing you to make use of the full length of the drawer. The lighting in the drawer ensures an even better overview.

ALL KINDS OF COMBINATIONS
 By combining modules, doors and – in particular – knobs and handles, you can create your very own look in the bathroom. Supplement with matching accessories and mixers for a consistent theme in your furnishing.

GRAPHIC/ WHITE

GRAPHIC BASE

Everyone should have the chance to enjoy a neat, functional bathroom. That's why Graphic Base is available as a supplement to our highly regarded Graphic range of furniture – in a simpler design and at a lower price.

Graphic Base is only available in white and in a more limited range, but it still features many of the smart functions from the Graphic range.

PULL-OUT LAUNDRY BASKET FOR TALL CABINET
Removable metal wire basket for easy transport to the laundry room. Supplied complete with installation fittings and pull-out rails. Suitable for left- or right-hand installation.

ARTIC BATHROOM FURNITURE

Artic's timeless design makes all bathrooms more beautiful. Although Artic is a cultured range, the cabinets can easily 'swallow' everything you need to keep in a bathroom. The units are based on standard dimensions and feature

generous storage areas and surface space, as well as a host of smart details. Cabinet doors and carcasses of the same colour create a harmonious bathroom.

PLAN WITH THE PLANNER

With the Gustavsberg bathroom planner, you can draw your bathroom layout and test what furniture and other products you would like to place there and see how they fit. You will find the bathroom planner as well as inspiration and information about our wide range, for the complete bathroom, on our website.

Welcome to gustavsberg.com

GRAPHIC BATHROOM FURNITURE

Graphic features slightly daintier dimensions than most other bathroom furniture units. The design is based on the repetition of graphic shapes and dimensions; for example, three wall cabinets on top of each other are exactly the same height as a high cabinet, making it easy

to furnish with Graphic. Moreover, wall cabinets and high cabinets are available in two depths to suit both large and small bathrooms. Cabinet doors and carcasses of the same colour create a harmonious bathroom.

BATHROOM CABINET WITH SINK

GRAPHIC BASE BATHROOM FURNITURE

Our popular Graphic range with Graphic Base: a simpler design and a lower price – so that even more people can enjoy the benefits a fully functional bathroom. While there are still all kinds of smart Graphic solutions to choose from, Graphic Base is only available in white, and

only with a smooth door finish. This, in turn, simplifies the choice of mixers and other accessories. We want it to be simple and straightforward for everyone to put together a neat and functional bathroom.

MIRRORS AND LIGHTING

Don't forget about the lighting when planning your bathroom.

Weak light – or excessively bright light – will make the bathroom environment dull and sad. A good rule of thumb is to have at least one light for 'general lighting' and one directed light for 'face work'.

Make sure to include mirrors in your calculations as well. It is quite usual to install a mirror above the washbasin, but if you have room, use mirrors as furnishing details – above a wall cabinet, for instance.

Mirrors reflect light and increase the feeling of space in the room.

MIRROR WITH LIGHTING AND SHELF

- All installation components supplied
- Integrated LED lighting 600 mm – 10W, 800 mm – 11W, 1000 mm – 13W, 1200 mm – 15W

ARTIC PRO FURNITURE FOR LAUNDRY AREAS

With Artic Pro – Gustavsberg’s new range of products intended for the laundry area – you can make your laundry room or the laundry section of your bathroom as stylish as the rest of the bathroom. The wall cabinet – in white – is slightly taller than most other

similar cabinets in order to facilitate storage. Worktop sections in white or Matte black are available to order in bespoke sizes to fit your laundry room precisely. A white side section with adjustable feet effectively conceals the washing machine or laundry basket from the side.
