GUSTAVSBERG /
SMARTER BATHROOMS

SINCE 1825

WELCOME TO OUR WORLD

It's smart to think of the environment when building a bathroom. It's smart to focus on quality. It's smart to focus on long-term, durable design. That's why we reckon it's smart to think Gustavsberg.

This catalogue presents our range of bathroom products. For prices – please contact your nearest dealer. There are also dimension sketches that make it easy to choose the right product for your bathroom (which is pretty smart, too).

For additional information about our products, visit our website. When your plans progress a little further, there are manuals, spares and instruction videos to help you. And perhaps even more important:

you can pick up, tips, hints and ideas in "InspiredBy", a separate internet magazine on gustavsberg.com, which centres on everything to do with your bathroom.

Welcome to smart bathrooms from Gustavsberg!

GUSTAVSBERG

FLUSH SMART

Gustavsberg toilets are made of tightly vitrified sanitary porcelain, which is the most hygienic and durable material of all for bathroom porcelain. Our comprehensive range comprises both wall- and floor-mounted models to accommodate all wishes and needs, as well as toilets for

installing in corners and small spaces. We also stock the widest range of Hygienic Flush models on the market – possibly the most hygienic type of toilet in the world. For additional information and to see all our toilet models, visit gustavsberg.com

P-TRAP:

Also known as the “universal model”. Features a horizontal outflow pipe that allows great connection flexibility: floor connection, wall connection, right-hand or left-hand side.

CONCEALED S-TRAP:

Built-in drain pipe for floor-based connections. The drain connection is concealed for easier cleaning.

OPEN S-TRAP:

the exterior of the connection pipe is visible from the side.

SMARTNESS CONCEALED

The installation of Gustavsberg wall-mounted toilets from the Estetic range is not only invisible, it is also extremely simple. The patented SupraFix system is also in several models from the Villeroy & Boch brand as well.

SUPRAPHIX

CONCEALED WALL FITTING FOR INVISIBLE INSTALLATION OF WALL MOUNTED TOILETS IN THE ESTETIC RANGE. NEATER DESIGN FREE FROM DIRT TRAPS FACILITATES CLEANING AND IMPROVES HYGIENE. THE PATENTED SUPRAPHIX SYSTEM SIMPLIFIES INSTALLATION OF YOUR WALL-MOUNTED ESTETIC TOILET. SAVES TIME AND EASES THE STRAIN ON YOUR MUSCLES.

SMARTER FLUSHING

The revolutionary Hygienic Flush flushing system facilitates cleaning and takes hygiene to a whole new level. The open flush rim features only a slim hygiene profile around the top edge of the bowl. The water efficiently cleans the entire bowl, all the way up to the slim profile. The smart flushing technique eliminates potential dirt traps and makes it child’s play to keep the toilet clean.

HYGIENIC FLUSH

TOILET WITH CONVENTIONAL FLUSH RIM

HYGIENIC FLUSH WITH OPEN FLUSH RIM

STYLISH DESIGN

Porcelain is a natural material in every respect. Soft shapes and pure lines appeal to the eye and facilitate cleaning. A cistern with an inner tank reduces noise and prevents condensation forming on the outside of the porcelain.

CERAMICPLUS = C+

MANY OF OUR PRODUCTS ARE AVAILABLE WITH CERAMICPLUS SURFACE TREATMENT. THIS PROVIDES THE PORCELAIN WITH A DIRTREPELLENT SURFACE THAT PREVENTS THE ACCUMULATION OF LIMESCALE AND DIRT. CERAMICPLUS IS ALSO GOOD FOR THE ENVIRONMENT, AS IT MEANS THAT YOU CAN USE A Milder DETERGENT – AND LESS OF IT! – WHEN CLEANING.

WITHOUT CERAMICPLUS

LIMESCALE BUILDS UP ALONG WITH DIRT DEPOSITS.

WITH CERAMICPLUS

THE WATER FORMS DROPLETS AND RUNS OFF CARRYING LIMESCALE AND DIRT AWAY WITH IT. ANY DEPOSITS THAT DO MANAGE TO FORM ARE SIMPLE TO WIPE OFF.

FLOOR-MOUNTED TOILET, NAUTIC

- Made of hygienic, durable and tightly vitrified sanitary porcelain
- Seat height 420 or 460 mm
- Easy to clean, minimalist design
- Hygienic Flush with open flush rim for easier cleaning. Flushes all the way up to the rim for improved hygiene

– WE HAVE OTHER TOILETS WITH THE SAME UNIQUE FLUSHING TECHNOLOGY

Villeroy & Boch is one of the leading bathroom suppliers in Europe, and has been manufacturing innovative bathroom products for more than 270 years. Since year 2000, Villeroy & Boch has owned Gustavsberg, opening up fantastic options for you to combine the best of these two bathroom worlds – and we promise that there really is something for everyone. When it comes to wall-mounted toilets, Villeroy & Boch has

a broad range to match all budgets. This brochure presents a selection from our range, where all models can be installed using the Triomont fixture. Moreover, all toilets in the selection feature Direct Flush – the smart flushing function known as “Hygienic Flush” at Gustavsberg. To view the full range of Villeroy & Boch bathroom products, contact us or visit villeroy-boch.com.

TRIOMONT TOILET FIXTURE

- Neat installation with a minimum of visible pipes
- Wide range of control panels in a variety of styles
- Choose high or low flush volume
- We supply the widest range of wall-mounted WCs on the market
- Adjustable flush volume – see installation instructions supplied
- Space-efficient design, just 380 mm wide
- Wall fittings included. No need to drill holes in the floor
- Rotatable wall fittings for a flexible wall connection
- Sitting height 410–630 mm. Recommended sitting height, 450 mm above the floor
- Floor- or wall-connected drain
- Load tested to 400 kg
- Fixture in line with SS 820200 standard
- Cistern in line with EN 14055
- Suitable for AMA installation without extra components (SE)

Triomont XS fixture for wall-mounted or pneumatic control panel
High model for fitting against a straight wall or in a corner.
Add a control panel and wall-mounted toilet to complete.
The control panel determines the type of flush, see page 17.

Triomont XS, dual flush 4.5/3-litre or single flush 4.5-litre
Triomont XS, dual flush 6/3-litre or single flush 6-litre

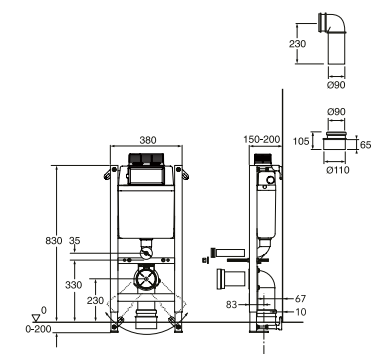

ACCESSORIES:

SafeBag is a leak protection for cases where the fixture is installed in rooms without a wet room membrane – guest toilets, for example.
Corner fitting for corner installation
Extra wall fitting (when the lower fitting supplied cannot be used).

Installation: The height on the sketch (1000 mm) results in a toilet seat height of 410-430 mm, depending on toilet model. On installation, this can be adjusted up to 610-630 mm.
Weight: 14 kg including packaging.

Triomont XT fixture for top-mounted or pneumatic control panel
Low model for fitting against a straight wall.
Add a control panel and wall-mounted toilet to complete.
The control panel determines the type of flush, see page 17.

Triomont XT, dual flush 6/3-litre or single flush 6-litre.

ACCESSORIES:

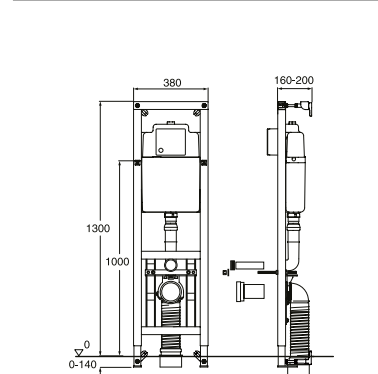

Extra wall fitting (when the lower fitting supplied cannot be used).

Installation: The height on the sketch (830 mm) results in a toilet seat height of 410-430 mm depending on toilet model. On installation, this can be adjusted up to 610-630 mm.
Weight: 12 kg including packaging

GB1921102024

GB1921102027

Triomont XS Vario fixture for wall-mounted or pneumatic control panel
Primarily intended for hospitals and care homes.
High model for fitting against a straight wall or in a corner.
With adjustable sitting height after installation.
Add a control panel and wall-mounted toilet to complete.
The control panel determines the type of flush, see page 17.

Triomont XS Vario, dual flush 6/3-litre or single flush 6-litre.

ACCESSORIES:

Corner fitting for corner installation
Extra wall fitting (when the lower fitting supplied cannot be used).

Installation: The height on the sketch (1000 mm) results in a toilet seat height of 410-430 mm, depending on toilet model. On installation, this can be adjusted up to 610-630 mm. After installation, the toilet can be raised 100 mm. It can naturally also be returned to its original position.
Weight: 19 kg including packaging.

CERAMICPLUS = C+

BATHROOM PORCELAIN FROM GUSTAVSBERG MAINTAINS THE HIGHEST STANDARDS OF QUALITY. ADDING CERAMICPLUS SURFACE TREATMENT IMPROVES THE PROPERTIES OF THE PORCELAIN DOWN TO MICROSCOPIC LEVEL. WATER SIMPLY DOES NOT STICK – IT RUNS OFF THE SURFACE, CARRYING DIRT AND LIMESCALE WITH IT. CERAMICPLUS ALSO MAKES THE PORCELAIN EXTREMELY DURABLE AND SCRATCH-RESISTANT.

WITHOUT CERAMICPLUS

LIMESCALE BUILDS UP ALONG WITH DIRT DEPOSITS.

WITH CERAMICPLUS

THE WATER FORMS DROPLETS AND RUNS OFF.CARRYING LIMESCALE AND DIRT AWAY WITH IT. ANY DEPOSITS THAT DO MANAGE TO FORM ARE SIMPLE TO WIPE OFF.

STORE SMART

The concept of “*Form Follows Function*” means that perfect function inevitably leads to beautiful form. This design principle produces solutions that are both aesthetically pleasing and smart. The Graphic and Artic ranges of furniture are perfect examples.

Graphic features a graphic design line that is ideal for small bathrooms, while Artic is more traditional. The first is neat and compact, the second more generous. However, there is one trait they both share: Form Follows Function.

ARTIC – TIMELESS DESIGN

REPEATED SHAPES

Graphic is the name of the most flexible range of bathroom furniture from Gustavsberg. Smart design and dainty dimensions make it simple to furnish small spaces. The finely considered design idiom has produced furniture units that can be freely combined and repeated, as in a collage or a mosaic.

SMART STORAGE

A drawer insert helps keeps things neat and tidy. Quiet operation thanks to soft-close functionality and a sound-proofing mat. The smart water trap leaves more space for storage.

NO FINGERPRINTS. FREE FROM HANDLES. THE MIRROR IS BOTH NEATER AND EASIER TO CLEAN. A FROSTED EDGE MAKES FINGER-PRINTS DISAPPEAR.

MORE SMART STORAGE

With magnet to hold small metal items in place – doubles as a practical little shelf. The electrical socket has been concealed, too. A magnifying mirror, to be placed where you most need it, comes with the mirror cabinets.

SOFT CLOSE FURNITURE

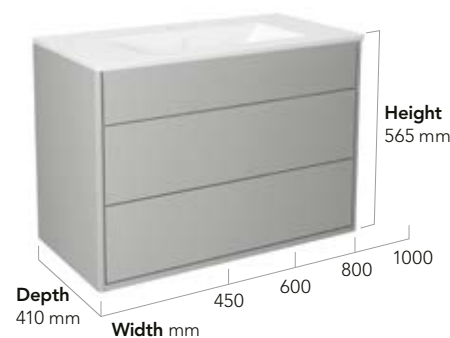

THE ACOUSTICS IN A BATHROOM CAN RESULT IN LOUD, SUDDEN NOISES BEING PARTICULARLY IRRITATING. WITH SOFT-CLOSE FUNCTIONALITY, CABINET DOORS AND DRAWERS CLOSE GENTLY AND QUIETLY.

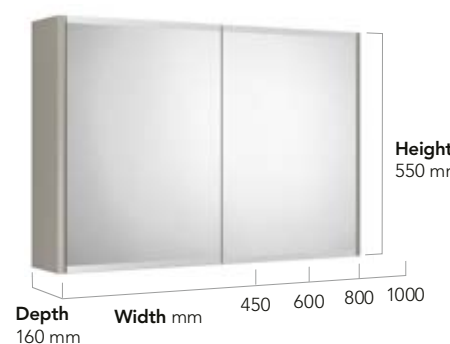

GRAPHIC BATHROOM FURNITURE

Graphic features slightly daintier dimensions than most other bathroom furniture units. The design is based on the repetition of graphic shapes and dimensions; for example, three wall cabinets on top of each other equal exactly the same height as a tall cabinet, making it extremely easy to furnish with Graphic. Moreover, wall cabinets and tall cabinets are available in two depths to suit both large and small bathrooms.

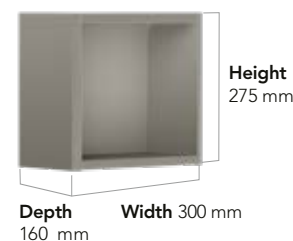

VANITY UNITS WITH WASHBASIN

MIRROR CABINET

STORAGE CUBE

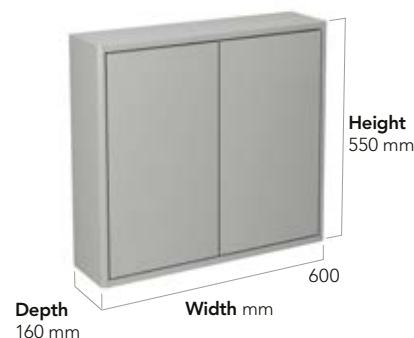

HANDLES AND KNOBS

The cherry on top: the handles. The perfect way to change the expression of your bathroom, from trendy modern to traditional rural. All handles and knobs match all our bathroom furniture units. Several of the knobs can also be mounted on walls as towel hooks. To see the complete range, turn to page 38.

ARTIC BATHROOM FURNITURE

Artic's timeless design makes all bathrooms more beautiful. Artic is a cultured range, but the cabinets can easily 'swallow' everything you need to keep in a bathroom. The units are based on standard dimensions and feature generous storage areas and surface space, as well as a host of smart details.

VANITY UNITS WITH WASHBASIN

SMARTER BATHROOMS

SOFT CLOSE FURNITURE

THE ACOUSTICS IN A BATHROOM CAN RESULT IN LOUD, SUDDEN NOISES BEING PARTICULARLY IRRITATING. WITH SOFT-CLOSE FUNCTIONALITY, CABINET DOORS AND DRAWERS CLOSE GENTLY AND QUIETLY.

MOISTURE RESISTANT

THE WOOD USED IN GUSTAVSBERG BATHROOM FURNITURE HAS BEEN DEVELOPED AND TESTED FOR HIGH DURABILITY IN HOT, HUMID BATHROOM ENVIRONMENTS. SMART DESIGN – E.G. THE WAY OUR WASHBASINS EXTEND BEYOND THE EDGE OF OUR WASHBASINS – PROTECTS THE FURNITURE FROM SPLASHES AND ELIMINATES UNNECESSARY MOISTURE TRAPS.

MIX SMART

Gustavsberg mixers save water, energy and money. Take the Nautic mixer as an example: Lift the lever all the way up to open a pre-set “bonus flow” with “bonus temperature”. Release it, and it automatically returns to “com-

fort position”. And both temperature and flow can easily be adapted to suit all the different users in the household. Visit gustavsberg.com to find out why we are best in test in the “energy-rated mixers” category.

ESTETIC MIXERS
MAKE THE
BATHROOM MORE
BEAUTIFUL
AVAILABLE IN BLACK,
WHITE OR CHROME.

WATER AS FOOD

Not all countries consider tap water to be a “food”. That is something to think about when choosing mixers – particularly for the kitchen. With our Swedish-made mixers, you need have no doubts about quality or choice of materials. All components used in Gustavsberg mixers are made of materials approved for foods and meet the Swedish National Board of Housing, Building and Planning’s new requirements on materials in drinking water systems.

WATER-SAVING

THIS MIXER HELPS YOU AVOID USING MORE WATER THAN NECESSARY. THE STARTING POSITION PROVIDES A PRESET COMFORT FLOW, WHICH IS SUFFICIENT FOR WASHING UP OR WASHING YOUR HANDS. FOR EXAMPLE, TO OPEN THE BONUS FLOW, YOU NEED TO LIFT THE LEVER TO ITS HIGHEST POSITION. WHEN YOU RELEASE THE LEVER, IT AUTOMATICALLY RETURNS TO THE COMFORT FLOW POSITION. THE FLOW FUNCTION IS FULLY ADJUSTABLE TO ALLOW INDIVIDUAL ADAPTION.

SMART FUNCTIONS

OUR MIXERS ARE FULL OF SMART FUNCTIONS. YOU WILL FIND THEM ALL IF YOU TURN TO PAGE 103.

BEST IN TEST

TURN TO PAGE 100 TO FIND OUT MORE ABOUT THE ENERGY RATING OF OUR MIXERS.

SHOWER SWEET, SHOWER NEAT

SQUARE RAIN SHOWER WILL CREATE A LUXURIOUS SPA FEELING IN YOUR PRIVATE BATH.

SWEET, NEAT, SMART

A mixer should be neat to look at – but it is on the inside that the most important details are to be found. Gustavsberg high-quality mixers feature functions that help save both energy and water. One example is the Eco-start function, which supplies water at 17°C from its “start position” (lever straight forward), helping to save domestic resources and to protect the planet.

ESTETIC THERMOSTATIC MIXER WITH BATHTUB SPOUT.

ESTETIC BATHROOM SINK FAUCETS

- Organic design idiom that matches bathrooms of all kinds
 - Extra tall model that suits both kitchen sinks and top-mounted bathroom sinks
 - Available in chrome, black and matte white
 - All components made of food-approved materials
 - Eco-stop, adjustable maximum flow
 - Adjustable max. temperature for improved scald protection
- Ceramic seal for drip-free operation and long service life
 - Type approved flexible water connection for easier installation
 - Backflow protection in accordance with SS-EN 1717 [AA]
 - The product complies with the Säker Vatteninstallation (Secure Water Installation) sector regulations
 - Contains less than 0.1% lead

WASH SMART

A good washbasin must be functional, easy to clean and hard-wearing – but also neat and attractive. Only porcelain of the highest quality – as used in washbasins from Gustavsberg – can meet all these requirements.

Big bathroom? Small bathroom? Corner, elongated surfaces or tight space? No matter what your bathroom looks like, we can almost guarantee that you will find a Gustavsberg washbasin to match it.

ESTETIC MAKES THE
BATHROOM MORE
BEAUTIFUL
ALSO AVAILABLE IN BLACK

FUNCTIONAL LUXURY

A bathroom should always be attractive and luxurious – but it must also meet a range of functional requirements. Gustavsberg supplies bathroom sinks that blend in – or stand out – and generate precisely the right feeling in all kinds of bathrooms, even in small spaces and corner setups.

ESTETIC IN BLACK WITH MATCHING MIXER
ADS DRAMA TO THE BATHROOM.

THE NORDIC3 SINK PRESENTS CLASSIC SCANDINAVIAN DESIGN COMBINED WITH
GENEROUS AND FUNCTIONAL SURFACES. ALL DIMENSIONS ARE STANDARD.

THE DETAILS MAKE ALL THE DIFFERENCE. ESTETIC BATHROOM SINK WITH
MATCHING WHITE BOTTOM VALVE.

THE PORCELAIN LOOKS EVEN MORE ATTRACTIVE WHEN COMBINED NEATLY
WITH A WORKTOP OR FURNITURE UNIT. TO FIND OUT MORE ABOUT ARTIC AND
FULL-COVER WASHBASINS, VISIT GUSTAVSBERG.SE

CERAMICPLUS = C+

MANY OF OUR PRODUCTS ARE
AVAILABLE WITH CERAMICPLUS
SURFACE TREATMENT. THIS
PROVIDES THE PORCELAIN WITH
A DIRTREPELLENT SURFACE THAT
PREVENTS THE ACCUMULATION
OF LIMESCALE AND DIRT.

CERAMICPLUS IS ALSO GOOD FOR THE ENVIRONMENT.
AS IT MEANS THAT YOU CAN USE A Milder
DETERGENT – AND LESS OF IT! – WHEN CLEANING.

THE FULL COVERINGS SINKS CAN
BE MOUNTED ON BRACKETS AS
WELL AS ON VANITY UNITS

BATHROOM SINK NAUTIC

- Easy-to-clean, minimalistic design in a range of sizes, 40–70 cm
 - Elliptical basin with generous flat surfaces
 - For bolt or bracket installation
- C+ as an option for simple and eco-friendly cleaning
 - Mixer and bottom valve are not included, must be ordered separately. See mixer section.

MOUNTING

YOU CAN INSTALL MOST OF THE PRODUCTS YOURSELF. HOWEVER, THIS SYMBOL MEANS THAT WE RECOMMEND THAT YOU CONSULT A SKILLED PROFESSIONAL, SUCH AS A PLUMBER, A TILER OR AN ELECTRICIAN.

GUSTAVSBERG /
SMARTER BATHROOMS

IMPROVED HYGIENE. EASIER CLEANING
 Estetic toilet with Hygienic Flush,
 a revolutionary flushing technique
 that ensures optimal hygiene with
 every flush.

A SAFE SPACE

In the bathroom, you are allowed to shut the whole world out for a while.
 Everyone – young and old – needs to do this occasionally.
 Our internet magazine devoted to bathrooms is packed with inspiration for a safe space of your very own.

Welcome to InspiredBy on gustavsberg.com

SHOWER SMART

A shower is a complete experience. It consists of a nozzle, a stream of hot water, and walls and floor that create a private space for enjoyment. It's simple to make one of your own using smart products from Gustavsberg: Shower doors and walls with straight or

rounded corners. Adjustable wall and floor profiles that keep the shower level even if the walls and floor are angled. And a round or square rain shower head – you decide which provides the best experience.

SPACE FOR ENJOYMENT

We recommend that you invest plenty of time, planning and money in your shower solution. It will pay dividends over and over again as you revel in your everyday luxury.

Just make sure to remember that a shower needs waterproof walls and floor, and that you must position it in the corner where there is a floor drain. Gustavsberg showers feature all kinds of smart details to facilitate installation and cleaning. The doors open both inwards and outwards – which can save valuable space in a small bathroom. Choose between white and chromed profiles. Add your favourite shower set, and enjoy...

CLEAR GLASS

SHOWER WALLS ARE CONSTANTLY SUBJECTED TO WATER, SOAP, OILS, SHAMPOO AND LIMESCALE. FOR THIS REASON, ALL GUSTAVSBERG SHOWERS ARE FITTED WITH "CLEAR GLASS" – A PROTECTIVE EXTERIOR LAYER THAT FACILITATES CLEANING AND HELPS REDUCE THE AMOUNT OF DETERGENT YOU NEED TO USE.

A GLASS SHOWER WALL RATHER THAN A SHOWER CURTAIN MAKES BATHROOM LIFE SIMPLER AND COSIER.

ELEVATING HINGE

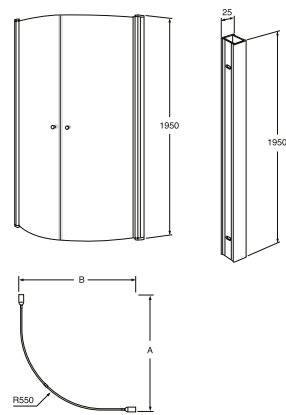

THE ELEVATING HINGE IS A SMART DETAIL THAT LIFTS THE SHOWER WALLS 5 MM EVERY TIME YOU OPEN AND CLOSE IT. THIS MINIMISES WEAR ON BOTH THE FLOOR AND THE SHOWER DOORS. A PRACTICAL FUNCTION THAT PROVIDES A SENSE OF AUTHENTIC LUXURY.

HOLES FOR EXTERNAL PIPES IN EXTRA-WIDTH PROFILE.

SWING DOORS FOR CORNER INSTALLATION

- Tempered safety glass
- Clear glass for simple, eco-friendly cleaning
- No floor profiles, has to be installed with a slope down to the floor drain.
- Chromed profiles
- Splash guard supplied for cases where the floor slope is not sufficient
- Rising hinges lift the doors 5 mm when they are opened
- Opening angle: 180 degrees
- The 20 mm adjustable wall profile ensures a level shower even if the walls are angled.
- Widening profile, 25 mm as an optional extra.
- Unequal-sided measurement combinations possible

Detailed dimension sketches of each of the sizes are available at www.gustavsberg.com.

GOOD TO KNOW ...

- Safety requirements are strict, and we test our products in accordance with CE norms for safety, function, tightness and durability.
- When measuring the size of unequal-sided shower walls (e.g. 100 x 80), tape a corner on the floor and measure from left to right. This helps ensure that you measure correctly.

BATH SMART

A hot bath lowers the pulse and boosts circulation in the body. Few things are as de-stressing and relaxing as slipping into a warm bath after a long, hectic – and possibly chilly – day. That’s why you need to take care when choosing your tub, because the model you select

will have to perform heroic deeds no other piece of furniture in your home can handle. What’s most important: appearance, size or function? Or is everything equally important? Visit gustavsberg.com to see bathtubs to match all needs and tastes.

FIXED INSTALLATION OR MOUNTED ON FEET?

All our fixed-installation tubs feature a soundproofing mat on the underside to make your bath experience even more relaxing. These tubs are made of hygienic, knock- and scratch-proof titanium alloy sheet steel. And the optional Glazeplus surface treatment makes the bathtub even easier to keep clean.

GLAZEPLUS

OUR BATHTUBS ARE AVAILABLE WITH AN EXTRA SURFACE TREATMENT CALLED "GLAZEPLUS". THIS IS A CRYSTAL-CLEAR POLYMER FILM THAT PROTECTS THE SURFACE OF YOUR BATHTUB AGAINST DIRT AND LIMESCALE DEPOSITS – WHICH FACILITATES CLEANING AND REDUCES THE AMOUNT OF DETERGENT YOU NEED TO USE.

EXTREMELY DURABLE

The titanium alloy sheet steel makes our bathtubs extremely durable. The enamel is built up in several layers that make it highly flexible. This means that it can move with the sheet steel rather than cracking like "conventional" enamelled bathtubs might do.

THE LOWER PART OF THE FULL FRONT PANEL CAN BE LIFTED TO FACILITATE CLEANING. WITH A HALF FRONT PANEL THE CLEANING GETS EVEN EASIER.

SAFER BATHS

Tips and hints to make your bath even safer. An anti-slip coating on the bottom of the tub is hardly visible, but helps you stand securely even with soapy feet. One or two handles fitted to the sides of the tub makes it easier and safer to step into and out of the bath.

ANTI-SLIP

THE BATHTUB IS AVAILABLE WITH AN ANTI-SLIP TREATMENT WHERE QUARTZ SAND HAS BEEN BURNED INTO THE ENAMEL IN AN AESTHETICALLY NEUTRAL PATTERN. THE SURFACE COUNTERACTS THE RISK OF SLIPPING WHEN ENTERING OR LEAVING THE BATHTUB. MOREOVER, IT IS LOCATED AT THE FOOT END OF THE TUB SO THAT IT DOES NOT AFFECT THE OVERALL BATHING EXPERIENCE.

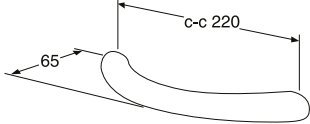

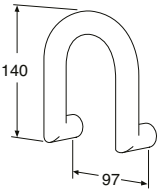

A BATHTUB WITH FULL FRONT PANEL HIDES THE WASTE WATER OUTLET.

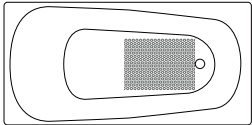

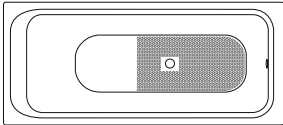

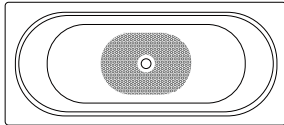

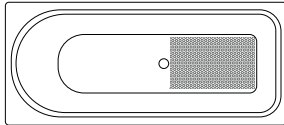

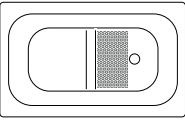

BASIN MODELS FOR ENAMELLED TITANIUM STEEL BATHTUBS WITH FRONT PANEL FRAMES OR FEET

- Gustavsberg has many models and sizes, intended for installing with full- or half-front panels frames.
 - Our tubs are made of enamelled titanium steel of the highest quality.
- The tubs are simple to install and easy to clean.
 - Handles and anti-slip bottom surface treatment available as options for a safer bath.
 - Glazeplus available as an option for fast, gentle cleaning.

	Combi-tubs are perfect for people who also use their bathtubs as their shower. These tubs have a flat section at the foot end, and the drain is positioned in the middle. The head end is gently angled and comfortable.		The Duo tub is designed for two people bathing at the same time with its two angled head ends and centred drain. Depth 420 mm.
	Available in sizes 1500 x 700, 1570 x 700 and 1600 x 700 mm.		Sitting tub model 1051 is designed for people who have a really small bathroom but who cannot do without a bath. Depth of the sitting area is 310 mm. Depth of the foot area is 420 mm.
	Bathtub models 1400 and 1700 , and frontless tub 1571 feature a traditional basin shape. It has a depth of 420 mm, which means that it is comfortable and practical for both baths and showers.		The Claw-foot bathtub features an oval basin with two enclosing head ends and a centred drain. It has a depth of 420 mm.
	Available in sizes 1400 x 700 and 1700 x 700 mm. Frontless bathtub in size 1570 x 700 mm.		Bathtub 1300 features a traditional basin shape. It is comfortable and practical for both baths and showers, with a depth of 420 mm.
			Available in size 1050 x 650 mm.
			Available in sizes 1580 x 680 and 1680 x 730 mm.
			Available in size 1300 x 700 mm.

PLUS5

AN OVERFLOW OUTLET ON THE BATHTUB RIM PREVENTS THE WATER FROM OVERFLOWING – BUT MEANS A LOWER WATER LEVEL WHEN YOU BATHE. GUSTAVSBERG HAS SOLVED THIS PROBLEM WITH THE SMARTEST OVERFLOW OUTLET ON THE MARKET: THE PLUS5 SYSTEM LETS YOU RAISE THE VALVE 5 CM WITH A SIMPLE MOVEMENT – FOR DEEPER WATER AND A MORE LUXURIOUS BATH. AN OVERFLOW OUTLET IS AN INSURANCE REQUIREMENT FOR FIXED INSTALLATION TUBS IN BATHROOMS WITHOUT A FLOOR DRAIN.

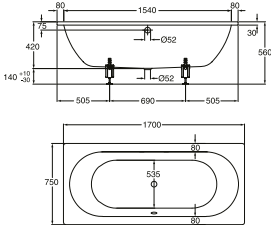

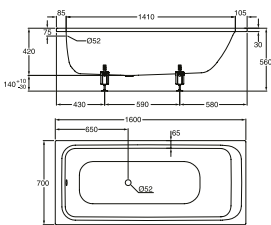

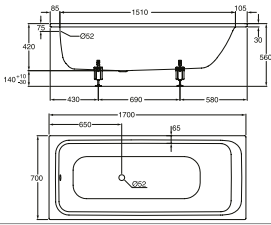

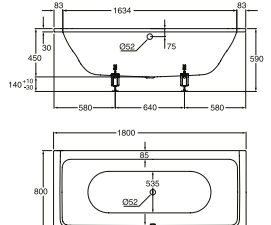

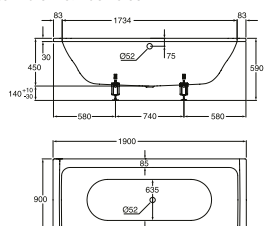

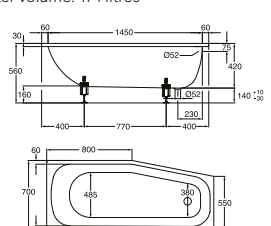

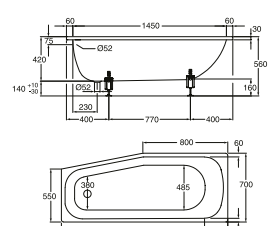

ENAMELLED TITANIUM STEEL BATHTUBS FOR TILING-IN

- Enamelled, titanium alloy sheet steel of the highest quality
- With hole for overflow outlet fitting
- Add a feet to complete the setup
- Choose an overflow outlet system: “standard” or “plus5” for a higher water level.
- All tubs feature a soundproofing mat on the underside to make your bath experience
- Handles and anti-slip bottom surface treatment available as options for a safer tub
- Glazeplus available as an option for easy and eco-friendly cleansing
- Rim-mounted mixer with filling via spout or overflow outlet as optional extra (page 90)

BATHROOM PORCELAIN FROM VILLEROY & BOCH

Since 2001 Gustavsberg is a wholly owned part of Villeroy & Boch. Today, we can supply their complete range of exclusive bathroom products. If you would like to find out more, please get in touch or visit www.villeroy-boch.com

STYLE SMART

Our bathroom furniture is created to provide long, faithful service in a humid environment. The units follow the same refined, Scandinavian design idiom as other products from Gustavsberg, so you don't have to scrimp on quality, function or form when applying your own personal style to your bathroom. Take

a little time to choose handles and knobs for your drawers and cabinets, as they play a significant role in the overall impression. To see our full range of handles and knobs, please turn to page 38. Several of the knobs can also be used as towel hooks on walls.

BATHROOM ACCESSORIES, G2

In the G2 range, straight, pure lines merge with rounder shapes which often come across as warmer and friendlier in an intimate bathroom environment. The design is still modern, simple and cultured, but a little more playful.

G2-3844
HOOK

G2-3847
PAPER HOLDER

G2-3850
TOILET BRUSH

BATHROOM ACCESSORIES, G1

Functional, stylish and high-quality accessories in chromed brass with a perfect surface finish. The almost austere idiom with its straight lines conveys a beautifully designed impression.

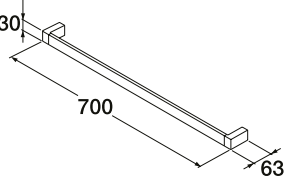

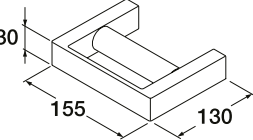

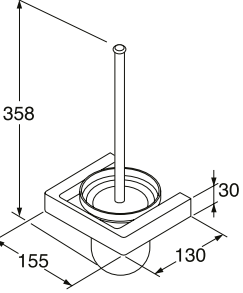

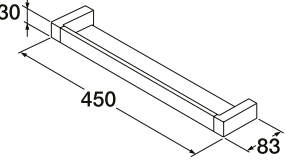

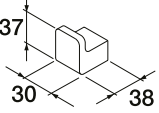

SMART TIPS FOR ACCESSORIES

- Make sure not to damage the damp course in your bathroom. If you drill any holes, make sure to seal them tightly.
- Ask your reseller or fitter about the conditions that apply to your wall material.
- Plan carefully, and position your accessories with care.

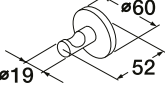

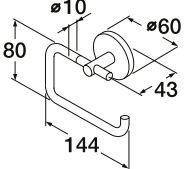

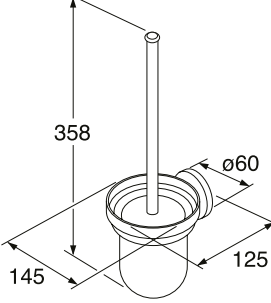

BATHROOM ACCESSORIES G1

- Design distinguished by straight lines and right angles
- Chromed surface finish
- No visible fixing screws

BEFORE YOU START

1. Divide your bathroom into three functions: one for toilet visits, one for full-body care (i.e. baths and showers), and one for grooming – hands, teeth and face.
2. A large family may need a separate toilet. Is there some unutilised space in your home that would be suitable for a separate toilet? A toilet in the same room can be separated off by installing a partition wall.
3. Do you want to fit a bath, a shower – or both – in your bathroom? The younger family members will probably monopolise the shower – so is there space to separate it off?
4. Base your ideas on the actual size of your bathroom and ask yourself: where can I change nappies? Where can I store the clean nappies? Do I need to make space for the washing machine and tumble dryer?
5. Remember the lights! Weak light – or excessively bright light – will make the bathroom environment dull and sad. A good rule of thumb is to have at least one light for “general lighting” and one directed light for “face work”. Include mirrors in your considerations; they reflect light and increase the sense of space in the room.
6. If the drain installations need to be moved, are the ones for the toilet and washbasin to be installed in the wall or the floor? You can install wall-mounted porcelain even though the existing drain connections are in the floor.
7. Ventilation is important. Good ventilation – ideally combined with under-floor heating – helps the bathroom to dry quickly and reduces the risk of moisture damage.
8. The preparatory work beneath the floor and behind the walls – i.e. the work involving the pipes – is crucial in preventing moisture damage. We strongly recommend that you engage professionals for this work.
9. Light colours make the bathroom seem bigger. They also make dust, soap marks and water splashes less obvious.

CONSULT A PROFESSIONAL IF YOU WANT TO REMODEL YOUR EXISTING BATHROOM OR BUILD A NEW BATHROOM FROM SCRATCH. IT IS BEST TO REACH AGREEMENT AT THE DRAWING BOARD STAGE.

THE BIG CHECKLIST

Your choice of products is crucial when you are creating a bathroom to thrive in for many years. Once you have the answers to all the questions and considerations in this list, all that remains to do is to start work on the renovation. A number of processes have to be carried out by professionals. Do not “chance it” yourself – it could cost you dear. Our product range documentation provides detailed information.

BATHTUBS

Big or small? Built-in or free-standing? Enamel or acrylic? In this catalogue you will find all kinds of standard bathtubs from Gustavsberg.

BIDET

Unfortunately, when bathrooms are renovated, the bidet is often the first thing to go. But there is nothing better for taking care of intimate hygiene. If you think that it would “steal” space, why not choose a washbasin mixer with a separate side shower that you can then use while sitting on the toilet?

MIXER

A mixer should be nice to look at – but it is the inside that makes the real difference. So go for quality. At Gustavsberg, you will find energy and water-saving technology in even the most exquisitely designed mixers. Do you have young children? Then choose a thermostatic mixer that regulates the water temperature and eliminates the risk of scalding.

SHOWER

Make sure that the walls and floor of your shower area are made of materials that are suitable for wetroom environments. This determines whether you can use shower walls or need a shower cabin. Then there are a lot of options to consider. In small bathrooms, a shower corner with a door that also opens inwards is a good solution.

STORAGE

Shelves or cabinets? Cabinets keep the dust off and help you to avoid having to look at all the packages and other things you need close at hand. However, shelves provide greater accessibility and allow you to display the items you enjoy looking at. Whatever you choose, make sure to include a lot of storage space – even if your bathroom is small. For example, there is almost always room for a cabinet under the washbasin.

FUNCTIONAL ADAPTATION

It may be that you need to think about setting up your bathroom with an eye to the future – to the time when you may not be as mobile as you once were. It is often the small details that make the bathroom much safer: a support rail by the bathtub and a non-slip surface on the bath-tub floor, for example. Or perhaps a

support rail by the WC or a raised WC seat. An extended lever on a standard mixer or an sensor-controlled mixer will also make things easier for people with reduced hand strength. Our range contains numerous products that have been adapted for both children and adults with special needs. For more information about these products, visit www.gustavsberg.com

BATHROOM SINKS

Installing two sinks cuts down on queuing – and generates a sense of togetherness – for large families. Think about whether you want to conceal the water trap in a bottom cabinet or behind a pedestal or cover. If a standard size sinks takes up too much space, there are smaller models and washbasins designed for corner installation to choose from.

ACCESSORIES

Gustavsberg supplies a well thought-out selection of accessories. Always go for quality that lasts and design that you will enjoy for years and years. And make sure to seal all holes and cavities in bathroom walls thoroughly with silicone.

TOILETS

Which model suits you best? Do you want the water trap concealed or visible? Do you prefer wall or floor-mounting? With our Triomont system you can easily install a wall hung toilet even if your current model is floor standing. Neat, comfortable and hygienic. If your home is to have two toilets, why not choose different seat heights?

THINK GUSTAVSBERG

FOR THE ENVIRONMENT

Gustavsberg products help minimise your consumption of water and energy – and our environmental work goes much further than that. To take a holistic approach to our business and to production at our two factories in Sweden, we have developed our own 6-step sustainability model. Our goal is – product by product and work routine by work routine – to reduce both your and our own carbon footprint to an absolute minimum.

FOR YOUR FINANCES

Price comparisons place Gustavsberg bathroom products somewhere near the middle of the price range. However, such comparisons fail to take into account how inexpensive our products are to own. High quality gives them a long service life, and innovative solutions – of which several have already won international awards – help cut your energy- and water costs in the long term.

FOR THE QUALITY

A bathroom has to last for years and years. This applies not only to the products' function, but also to their appearance, because the bathroom should keep on looking inviting and cosy. As all the components that make up your bathroom are exposed to the same wear and tear, it is essential that all the products you choose maintain the same high standard of quality.

FOR SERVICE AND SPARE PARTS

We guarantee that spare parts for your Gustavsberg product will still be available for ten years after we – may possibly – have stopped making it. If anything should go wrong in your bathroom, visit our website at www.gustavsberg.se and watch our instruction films to help you pinpoint the problem.

BECAUSE OF THE WIDE RANGE

We are a complete supplier of high-quality bathrooms. Nordic standards and pure, timeless design make it simple to combine all products from Gustavsberg to create precisely the bathroom you want.

WE NEVER BOAST. WE'D RATHER TELL YOU THE FACTS.

Our energy-saving washbasin mixers from the Nautic and Logic ranges were awarded the highest possible marks in the stringent efficiency tests developed by SIS TK 519 and Kiwa. The secret of our success is our unique heat and flow functions that result in the mixer immediately returning to its energy-saving comfort position as soon as you release the lever. In this way, it helps you to save incredible amounts of energy, water and even money – automatically. If you want hotter water or to increase the flow, simply move the mixer lever to its outermost position. Nautic and Logic models can also be

individually customised, which is yet another feature that makes Gustavsberg mixers stand out from the competition. However, as we say, we never boast. We'd rather tell you the facts.

BECAUSE OF THE FLEXIBILITY

We have developed our products to cover requirements in small bathrooms, large bathrooms, public bathrooms and bathrooms in care environments. In our view, you should never be far from your nearest dealer and fitter. Our goal is to provide you with the best possible products when you create a complete bathroom – down to ergonomically appropriate solutions for the fitter who is to carry out the work.

BECAUSE IT'S SMART

In the Gustavsberg world, "smart" is an umbrella term for everything that makes your everyday life a little easier and more convenient. Good design should be both pleasing on the eye and a pleasure to use every time it fulfils its function perfectly for many, many years to come. Perhaps you have noticed the small smart symbols on our product specifications? If you want to know exactly what they stand for turn to page 102-103 and find out.

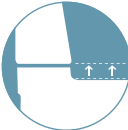

SMART SYMBOLS FOR SMART SOLUTIONS

QUIET AND DRY

THE FULLY ENCOMPASSING PORCELAIN CISTERN CONCEALS A SEPARATE INNER TANK. THIS REDUCES NOISE AND COUNTER- ACTS THE BUILD-UP OF CONDENSATION ON THE CISTERN, HELPING PREVENT THE ACCUMULATION OF DUST.

NO ROOM FOR DIRT

ON TOILETS WITH PORCELAIN COVERS, THE "SEAM" BETWEEN THE SEATING RING AND THE COVER HAS BEEN MOVED UP. A SOFT CURVE IN THE PORCELAIN SIMPLIFIES CLEANING AND PREVENTS THE BUILD-UP OF DIRT. THE FOOT OF THE TOILET IS SMOOTH TO FACILITATE CLEANING AND IMPROVE HYGIENE.

CERAMICPLUS = C+

MANY OF OUR PRODUCTS ARE AVAILABLE WITH CERAMICPLUS SURFACE TREATMENT. THIS PROVIDES THE PORCELAIN WITH A DIRTREPELLENT SURFACE THAT PREVENTS THE ACCUMULATION OF LIMESCALE AND DIRT. CERAMICPLUS IS ALSO GOOD FOR THE ENVIRONMENT, AS IT MEANS THAT YOU CAN USE A Milder DETERGENT – AND LESS OF IT! – WHEN CLEANING.

QUICK RELEASE

WITH QUICK-RELEASE FUNCTIONALITY, YOU CAN REMOVE THE TOILET SEAT FROM THE BOWL EASILY AND WITHOUT TOOLS. THE SEAT AND TOILET CAN THEN BE CLEANED SEPARATELY, WHICH IS BOTH SIMPLER AND MORE HYGIENIC.

SOFT CLOSE

HARD, SOLID TOILET SEATS HAVE PREVIOUSLY BEEN ASSOCIATED WITH LOUD NOISES WHEN THEY ARE LOWERED. SOFT CLOSE FUNCTIONALITY HAS SOLVED THIS PROBLEM THROUGH THE INTRODUCTION OF A DAMPER THAT IS BUILT INTO THE SEAT TO ENSURE THAT IT CAN BE LOWERED GENTLY AND QUIETLY. THE DAMPER HAS NO DIRECT CONTACT WITH THE PORCELAIN, WHICH FACILITATES CLEANING AND MAKES THE SEAT MORE HYGIENIC.

HYGIENIC FLUSH

SMARTER FLUSHING FOR IMPROVED HYGIENE AND EASIER CLEANING. THE INNOVATIVE DESIGN WITH OPEN RIM AND SMOOTH SURFACES ELIMINATES ALL POTENTIAL DIRT TRAPS. HYGIENIC FLUSH MINIMISES THE NEED TO USE STRONG CLEANING AGENTS.

SUPRAFIX

CONCEALED WALL FITTING FOR INVISIBLE INSTALLATION OF WALL-MOUNTED TOILETS IN THE ESTETIC RANGE. NEATER DESIGN FREE FROM DIRT TRAPS FACILITATES CLEANING AND IMPROVES HYGIENE. THE PATENTED SUPRAFIX SYSTEM SIMPLIFIES INSTALLATION OF YOUR WALL-MOUNTED ESTETIC TOILET. SAVES TIME AND EASES THE STRAIN ON YOUR MUSCLES.

ELEVATING HINGE

THE ELEVATING HINGE IS A SMART DETAIL THAT LIFTS THE SHOWER WALLS 5 MM EVERY TIME YOU OPEN AND CLOSE IT. THIS MINIMISES WEAR ON BOTH THE FLOOR AND THE SHOWER DOORS. A PRACTICAL FUNCTION THAT PROVIDES A SENSE OF AUTHENTIC LUXURY.

CLEAR GLASS

SHOWER WALLS ARE CONSTANTLY SUBJECTED TO WATER, SOAP, OILS, SHAMPOO AND LIMESCALE. FOR THIS REASON, ALL GUSTAVSBERG SHOWERS ARE FITTED WITH "CLEAR GLASS" – A PROTECTIVE EXTERIOR LAYER THAT FACILITATES CLEANING AND HELPS REDUCE THE AMOUNT OF DETERGENT YOU NEED TO USE.

SOFT CLOSE FURNITURE

THE ACOUSTICS IN A BATHROOM CAN RESULT IN LOUD, SUDDEN NOISES BEING PARTICULARLY IRRITATING. WITH SOFT-CLOSE FUNCTIONALITY, CABINET DOORS AND DRAWERS CLOSE GENTLY AND QUIETLY.

MOISTURE RESISTANT

THE WOOD USED IN GUSTAVSBERG BATHROOM FURNITURE HAS BEEN DEVELOPED AND TESTED FOR HIGH DURABILITY IN HOT, HUMID BATHROOM ENVIRONMENTS. SMART DESIGN – E.G. THE WAY OUR WASHBASINS EXTEND BEYOND THE EDGE OF OUR WASHBASINS – PROTECTS THE FURNITURE FROM SPLASHES AND ELIMINATES UNNECESSARY MOISTURE TRAPS.

ENERGY-SAVING

A REVOLUTIONARY ENERGY-SAVING FUNCTION THAT CAN HELP REDUCE YOUR ENERGY CONSUMPTION BY 50%. THE SIMPLE SOLUTION IS BASED ON THE FACT THAT YOU HAVE TO MOVE THE LEVER ACTIVELY ALL THE WAY TO THE LEFT TO REACH THE BONUS WATER TEMPERATURE. WHEN YOU RELEASE THE LEVER, IT AUTOMATICALLY RETURNS TO THE PRESET COMFORT TEMPERATURE. APPROX. 38–40 °C. THE COMFORT TEMPERATURE IS FULLY ADJUSTABLE TO ALLOW INDIVIDUAL ADAPTION.

WATER-SAVING

THIS MIXER HELPS YOU AVOID USING MORE WATER THAN NECESSARY. THE STARTING POSITION PROVIDES A PRESET COMFORT FLOW, WHICH IS SUFFICIENT FOR WASHING UP OR WASHING YOUR HANDS. FOR EXAMPLE, TO OPEN THE BONUS FLOW, YOU NEED TO LIFT THE LEVER TO ITS HIGHEST POSITION. WHEN YOU RELEASE THE LEVER, IT AUTOMATICALLY RETURNS TO THE COMFORT FLOW POSITION. THE FLOW FUNCTION IS FULLY ADJUSTABLE TO ALLOW INDIVIDUAL ADAPTION.

COLD-START

INNOVATIVE TECHNOLOGY ENSURES THAT THE MIXER SUPPLIES 100% COLD WATER FROM ITS START POSITION – FACING FORWARD – ELIMINATING UNNECESSARY USE OF HOT WATER. SAVES ENERGY AND MONEY EVERY TIME YOU USE IT.

ECO-START

AN ENERGY-ECONOMICAL MIXER THAT STARTS AUTOMATICALLY AT A TEMPERATURE OF 17 °C FROM ITS STARTING POSITION (LEVER STRAIGHT AHEAD), HELPING YOU SAVE BOTH ENERGY AND MONEY.

ECO-STOP

A SMART ECO-FUNCTION THAT ALLOWS INDIVIDUAL SETTING OF THE MAX FLOW OF THE MIXER. THIS MAKES IT SIMPLE FOR YOU TO ADJUST THE MAX FLOW, SAVING WATER AND ENERGY ON YOUR OWN TERMS. THE FUNCTION IS FULLY ADJUSTABLE FOR INDIVIDUAL SETTING.

ECO-FLOW

THE MIXER FEATURES AN EFFECTIVE, OPTIMISED FLOW OF WATER. YOU THEREFORE ENJOY THE SAME WONDERFUL, FUNCTIONAL EXPERIENCE AS ALWAYS, BUT USING LESS WATER AND ENERGY. KIND ON THE ENVIRONMENT – AND ON YOUR WALLET.

SENSOR-CONTROLLED MIXER

THE SMART SENSOR TECHNOLOGY AUTOMATICALLY HELPS YOU TO SAVE ENERGY AND AVOID WASTING WATER. THE MIXER TURNS ON WHEN YOU PLACE YOUR HANDS IN THE APPROPRIATE POSITION, AND SHUTS OFF AGAIN AS SOON AS YOU REMOVE THEM. DURING CLEANING, COVER THE SENSOR EYE TO DISABLE THE MIXER TEMPORARILY. POWERED BY A STANDARD BATTERY OR TRANSFORMER.

EVEN TEMPERATURE

THERMOSTATIC MIXERS FEATURE BUILT-IN AUTOMATIC SCALD PROTECTION AND HOT-WATER SAFETY STOP WITH TYPE-APPROVED NON-RETURN VALVES. THIS MEANS THAT THE MIXERS REACT QUICKLY TO THE CHANGES IN TEMPERATURE AND PRESSURE THAT CAN ARISE IN THE WATER FLOW, AND EVEN OUT THE DIFFERENCES.

SAFE TOUCH

ALL THERMOSTATIC MIXERS FROM GUSTAVSBERG ARE FITTED WITH A SAFE TOUCH FUNCTION, WHICH MEANS THEY ARE DESIGNED TO LEAD THE HOT WATER ALONG THE REAR SIDE OF THE MIXER. THIS MINIMISES THE HEAT LEVEL ON THE FRONT SIDE OF THE THERMOSTAT, THUS REDUCING THE RISK OF BURNS.

LEAD-FREE

THE MIXER IS MADE OF MATERIAL WHOSE TOTAL WEIGHT INCLUDES LESS THAN 0.1% LEAD. AS SUCH, IT IS AN ECO-SMART MIXER THAT MEETS STRINGENT REQUIREMENTS WITH REFERENCE TO LEAD CONTENT. THE MIXER FEATURES A DISCREET LASER MARKED SYMBOL ON ITS REAR SIDE TO FACILITATE TRACEABILITY.

GLAZEPLUS

OUR BATHTUBS ARE AVAILABLE WITH AN EXTRA SURFACE TREATMENT CALLED "GLAZEPLUS". THIS IS A CRYSTAL-CLEAR POLYMER FILM THAT PROTECTS THE SURFACE OF YOUR BATHTUB AGAINST DIRT AND LIMESCALE DEPOSITS – WHICH FACILITATES CLEANING AND REDUCES THE AMOUNT OF DETERGENT YOU NEED TO USE.

ANTI-SLIP

THE BATHTUB IS AVAILABLE WITH AN ANTI-SLIP TREATMENT WHERE QUARTZ SAND HAS BEEN BURNED INTO THE ENAMEL IN AN AESTHETICALLY NEUTRAL PATTERN. THE SURFACE COUNTERACTS THE RISK OF SLIPPING WHEN ENTERING OR LEAVING THE BATHTUB. MOREOVER, IT IS LOCATED AT THE FOOT END OF THE TUB SO THAT IT DOES NOT AFFECT THE OVERALL BATHING EXPERIENCE.

SUPPORT HANDLES

YOU CAN ORDER THE BATHTUB WITH SUPPORT HANDLES ON THE RIM TO IMPROVE SAFETY AND EASE OF USE.

PLUS5

AN OVERFLOW OUTLET ON THE BATHTUB RIM PREVENTS THE WATER FROM OVERFLOWING – BUT MEANS A LOWER WATER LEVEL WHEN YOU BATHE. GUSTAVSBERG HAS SOLVED THIS PROBLEM WITH THE SMARTEST OVERFLOW OUTLET ON THE MARKET: THE PLUS5 SYSTEM LETS YOU RAISE THE VALVE 5 CM WITH A SIMPLE MOVEMENT – FOR DEEPER WATER AND A MORE LUXURIOUS BATH. AN OVERFLOW OUTLET IS AN INSURANCE REQUIREMENT FOR FIXED INSTALLATION TUBS IN BATHROOMS WITHOUT A FLOOR DRAIN.

MOUNTING

YOU CAN INSTALL MOST OF THE PRODUCTS YOURSELF. HOWEVER, THIS SYMBOL MEANS THAT WE RECOMMEND THAT YOU CONSULT A SKILLED PROFESSIONAL, SUCH AS A PLUMBER, A TILER OR AN ELECTRICIAN.
